MAN KILED.-Robert Erwin, a brakesa M. R. R. met with a fatal accident, on Saturday forenoon last. He was on top of a freight car, attending to the brakes, as the train wes running from Aurora to Pond station. Between these stations is a low bridge, which cannot be passed under without persons on the top of cars stooping low. This the brakesman seems to have forgot'et, and in passing, his head came in collision with the bridge, knocking him forward on the car, where he lay senselers, until the train neared Pond station, where it was to stop but the brakes not being applied, one of the hands went to ascertain the cause, and found Erwin lying, as mentioned above. He was taken to a farm house near Solon, and medical aid called in, but all remedies were unavailing, and after lingering in an insensible state for a few hours he died. The fact is, our people—the people of the free States—the people of Ohio—by a large majority, are in favor of Slavery. Not, perhaps, in the abstract—but as matters stand. That is, they rather the black man in this country should be kept in Slavery, and all facilities of emancipation discouraged, than that the anticipated consequences of emancipation should be incurred. In plainer words they rather keep three or four millions of men in boundage, than that a few blacks should exercise the privilege of coming and settling among us.

But why dwell upon the disgusting subject?

A Writ of Habeas Corpus Granted-

Upon application of Simeon Bushnell and Charles Langston, now under sentence of imprisonment for an alleged violation of the Fugitive Slave Law of 1850, Mr. Justice Scott, of the Supreme Court of Ohio, has allowed writs of Habeas Corpus to issue, directed to the Sheriff of Cuyahoga County, and made returnable at Columbus on Wednesday. the 25th inst., at 10 o'clock A. It is expected that an argument will be made as to the constitutionality of the law, before a full Bench of Judges, and the Judge who allowed the write has requested his Associate Justice to meet him at the Capital on the return day.

The applications of the persons in prison, simply est forth an unlawful detection by Sheriff Wightman, and asked the Court to inquire into the cause of imprisonment.

The Herald says:

The mere granting of this writ amounts to nothing towards an expression of opinion upon the Constitutionality of the Fugitive Act, even by the Judge who granted it, because the writ issues as a matter of course upon application of the parties held in oustody, who make affidavit that they are illegally imprised. In these cases, it may be, that the Judge whether the applicants are held under a State law or a Federal law, but the return of the writ will show will that, and upon such return the cases will come up on their merits. The former application in which the Supreme Court was in session and such course would save time, expense and needless excitement.

What will Marshal Johnson do? Has not the 'casualty' happened by which the Marshal deems the Cuyalogo county juil unsale?
